Ada Okonkwo

Senior Product Designer

London, UK ada.okonkwo@example.com +44 20 7946 0958 Portfolio Profile

PROFILE

Product designer with 8+ years shaping data-dense fintech and healthcare products. I turn ambiguous problems into calm, usable systems — pairing rigorous research with a strong craft bar. Comfortable leading end-to-end from discovery to shipped, measured outcomes.

EXPERIENCE

Senior Product Designer

2021 — Present

Monzo · London

- Led the redesign of the shared-tabs experience, lifting weekly active use of the feature by 34%.
- Built and documented the accessibility patterns now used across three squads.
- Mentored two mid-level designers, both promoted within the year.

Product Designer

2018 — 2021

Babylon Health · London

- Owned the triage flow used by 1.2M patients, reducing drop-off at symptom entry by 21%.
- Ran a fortnightly research cadence that fed a prioritised, evidence-backed backlog.

PROJECTS

Open Banking Design Kit

2022

Creator & maintainer · https://example.com/projects/1

- Published an accessible component library adopted by 4 fintech teams.
- Documented usage patterns with live, testable examples.

Calm Money — concept app

2021 — 2022

Design & research · https://example.com/projects/2

- Explored anxiety-reducing spending flows validated with 30 users.
